

Stav fiškálnej tlačiarne.

Formát : 1;0;1;0;0

Popis:

- [0] Stav FP – 0= practice, 1= fiscalised, 2= blocked
- [1] Functioning - 0= stand-by, 1= receipt opened, 2= invoice opened, 3= free printing opened, 4= settings, 5= daily closing, 6= fiscal memory list, 7= fiscalisation
- [2] daily opening – 0= closed day, 1= opened day
- [3] receipt –0= closed, 1= item line printing, 2= payment, 3= ready, can be closed
- [4] error – 0= no error, 1= EPROM is full, 2= EPROM is empty, 3= EPROM has been changed, 4= No EPROM, 5= EPROM error, 6= RAM error, 7= header or tax number is missing, 8= date error, 9= firmware has been changed, 10= firmware error

Návratové hodnoty Axis - BlackCat

Error list (The error codes are given in hexadecimal mode)

- 0 There's no error
- 1 Length of frame doesn't match to function
- 2 Function executing is not allowed
- 3 The date of last record in fiscal memory is later than which would be set
- 4 Department number is not allowed
- 5 Sale in this department is failed
- 6 Wrong ddnumber parameter
- 7 Void function is not allowed
- 8 There's no subtotal
- 9 Previous void item error
- 10 RA overflow
- 11 PO overflow
- 12 Amount of drawer is too much
- 13 There's no this kind of payment type
- 14 Cashtend payment error
- 15 Checktend payment error
- 16 Chargetend payment error
- 17 Keyboard is not disabled or there's no REG position
- 18 Currency error in payment
- 19 Wrong currency type
- 20 Subtotal discount error
- 21 Item discount error
- 512 General system error: conditions
- 513 Function executing is not allowed
- 514 Power fail was
- 515 Illegal operation in executing
- 516 EJ is not saved! Restart required!
- 517 Need RAM clear state: restart with JP1 on
- 518 Fiscalized training mode
- 624 ECR is fiscalized
- 625 ECR is blocked

626 Dayopen function is happening
627 There is opened receipt
628 Payment was get started
629 There is opened invoice

1122 Item index error
1536 Programming error
1537 Not possible item of programming table
1538 Member of item of programming table is wrong
1539 This item of programming table cannot be programmed
1540 this item of programming table can be programmed in daily closed state
1541 this item of programming table can be programmed in receipt closed state
1542 Only read available
1543 Error in data of system option setting
1544 Fiscal memory full of that kind of data
1545 Header programming is needed
1546 this item of programming table can be programmed in daily opened state
1547 Cannot be programmed in training mode
2048 Receipt printer error
1560 Journal printer error
3072 Drawer is opened
3584 There is problem with display of clerk
4096 There is problem with display of customer
4608 RTC error
4624 Vat changing date is active
4625 Daily closing is more than 24 hour ago
4626 RTC detected backup power fail! Date, time setting is needed
4627 ECR maintenance is needed!
4628 Mustn't make daily closing!
4640 The date of last record in fiscal memory is later than which would be set
4641 Date is later than init. date of fiscal memory plus 15 years
4656 Euro mode activating date is not active
4657 Euro mode activating date is active
5120 Fiscal memory error
5136 Fiscal memory writting error, ECR is blocked
5152 Fiscal memory reading error
5168 Fiscal memory checking error
5169 Fiscal memory missing
5170 Wrong serial number of fiscal memory
5171 Fiscal memory is full of ram clear
5172 Fiscal memory is full of daily closing
5173 Fiscal memory content is changed
5174 Grand total of fiscal memory is wrong
5175 Closing number of fiscal memory is wrong
5176 Fiscal memory is full of tax payer id

5177 Fiscal memory is not blank, it has data content
5178 Fiscal memory is full of vat changing
5179 Fiscal memory is full of Euro mode setting date
5180 Fiscal memory is full of Euro preparation date
5184 Result of search in fiscal memory was fail
5192 Result of set from fiscal memory was fail
5193 There's no init record, but fiscal memory has other data
5248 Fiscal memory is full of headers
5249 Fiscal memory is full of logo
5250 Fiscal memory is full of display disconnection
5251 Fiscal memory is full of fiscal memory disconnection
5252 Fiscal memory is full of printer disconnection
5253 Fiscal memory is full of maintainece disconnection
5632 Electronic journal OK
5633 EJ unformatted
5634 Unexpected opened EJ
5635 Unexpected closed EJ
5636 EJ ID mismatch
5637 Invalid dirent type of EJ
5638 Has opened EJ
5639 EJ nonexisting
5640 EJ current
5641 EJ hash mismatch
5642 EJ full
5643 End Of File of EJ
5644 Day not found of EJ
5645 EJ read fail
5646 EJ write fail
5647 EJ cannot be recovered
5648 SC mismatch of EJ
5649 Logic error of EJ
5650 First closing number mismatch of EJ
5651 Machine serial number mismatch of EJ
5652 Unexpected any EJ when FM is empty
5653 Last closing number mismatch of EJ
5696 Non blocking error of EJ
5697 EJ non existed
5698 EOF of EJ
5699 EJ index out of range, other SD card or anything else
5712 EJ full soon
5713 EJ full soon, remained less than 3Mbyte
5714 EJ full soon, remained less than 256Kbyte
5715 EJ full soon, remained less than 16Kbyte
5716 EJ full soon, remained less than 3Kbyte
5824 SD error
5825 SD resetfail
5826 SD communication fail
5827 SD read fail
5828 SD write fail
5829 SD lock fail
5856 SC error
5857 SC communication fail

5858 SC ATR fail
6144 Serial communication error
6145 Frame type doesn't match to function
6146 Length don't belong to function or function number
8192 Barcode reader error
8193 Barcode data too long
8704 Scale handling error
9216 Kitchen printer error
9728 Cpu system error
9729 ERR_CPU_RAM
9730 RAM cannot be cleared
9731 Firmware main code check sum is different from previous
9732 Firmware coproc code check sum is different from previous
9760 SD error
9761 SD read error
9762 SD write error
9792 FLASH error
9793 FLASH write error
9794 FLASH read error
9795 FLASH format timeout
9824 SC error
9825 SC write error
9826 SC read error
9827 SC communication data error
9856 SPI error
9857 SPI timeout
9858 SPI data error
10240 Battery error
10241 Battery is discharged
65024 Reserved for PC
65280 !! It is not an error, it is used by ECR
61440 Buffer overflow!
61441 Timeout!
61442 CRC error!
61443 Port open error!
61444 Not implemented command!
62189 Execution of that previous command is in process!
62190 Parameter error!
62191 Error in the text of the receipt!
62192 Uncertain receipt closing!
62193 Can't open/create file!
62194 Access denied!
62195 EJ verify error!
62196 Missing EJ file!
62197 Corrupt EJ file!
62198 Saving of electronic journal
62208 Parameter error in line:
